# Box systems

## Your needs – Our box solution

www.blum.com

# Think about the box

You need the right products to be able to respond to diverse customer needs. We offer three fully fledged double-walled box systems to meet differing needs and requirements in terms of design, function and manufacturing.

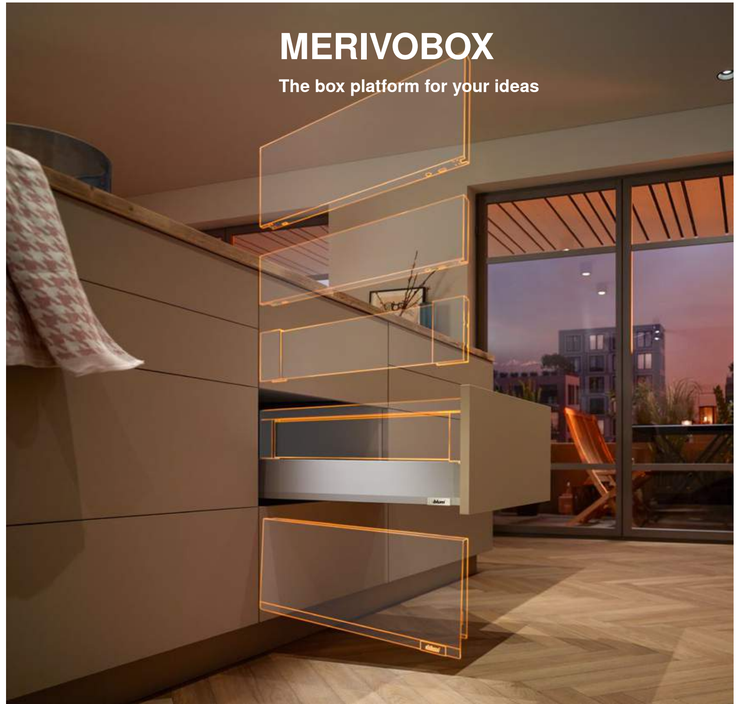

LEGRABOX – for the most exacting requirements in customisation and design. Create your own drawer design with elegant, slim drawer sides. Customised branding elements with your logo make LEGRABOX unique. Choose from a broad range of colours and models; opt for LEGRABOX pure with closed metal sides or LEGRABOX free with design elements. Go one step further with the LEGRABOX special edition which features incredible looks based on the carbon black matt colour, textured surfaces and a mix of colours both inside and out. Or design your own distinctive drawer sides with LEGRABOX individual – printed, lasered or embossed with your own logos or designs.

# LEGRABOX

## Turn your inspiration into a reality

Offering variety has never been so easy. This platform makes it incredibly simple to create a multitude of designs. Be it with a gallery, design element or BOXCAP with closed metal sides, assembly is always simple and adjustment and installation always the same thanks to the standardised front drilling. MERIVOBOX is simply unique thanks to its distinctive drawer side design, straight lines and unmistakable look. What is more, the innovative L-shape of the brand-new runner system ensures high stability and load bearing capacity. The new box system not only has a synchronised feather-light glide but also boasts high front stability, opening up new possibilities for kitchen design.

## The box platform for your ideas

# TANDEMBOX antaro

## Clear-cut and rectangular

Tried-and-tested TANDEMBOX antaro is subject to ongoing development and optimisation. TANDEMBOX antaro not only boasts high functionality but also impresses with efficient assembly and installation – quick, easy and without tools. The TANDEMBOX cabinet profile produces a feather-light glide and top quality motion. TANDEMBOX antaro has a clear-cut, rectangular design. All the components have been colour-coordinated, underlining the timeless design.
